KERR DELAYED ALAMEDA'S START

The deep, sonorous whistle of the Oceanic liner Alameda gave its customary three blasts off Diamond Head yesterday morning about 8 o'clock, just a trifle later than usual. The vessel docked shortly after 9 o'clock. There was a fair crowd of passengers aboard. The voyage comprised five days and twenty-two hours, the vessel meeting with rough weather on the way.

Among the passengers was F. F. Crowson who is conducting a party of tourists for Raymond & Whitcomb. In his party are Mrs. C. L. Hartshorn, Miss Lila Keen, H. F. Manning, Miss M. B. Sickle, Geo. Spottiswoode, Dr. Sarah Spottiswoode. Mrs. Hartshorn is related to the manufacturer of Hartshorn curtain rollers.

Archdeacon Webber of the Episcopal church, was among the Alameda's arrivals.

Jesse L. Woods, of the firm of Sheldon and Woods, and bride, were met at the gangway with a shower of rice.

Mr. and Mrs. J. G. Rial, formerly with Lee's Entertainers, will arrange for a season at the Orpheum for their vaudeville company which will arrive the latter part of the month.

The leading Scottish entertainers, Miss Flora F. Donaldson of Glasgow, prima donna, and Mr. Gavin Spence of Edinburgh, tenor and entertainer, were among the arrivals. After remaining in Hawaii till March 30, they will resume their journey via S. S. Sonoma for Auckland, N. Z., where they will again break their journey for five or six weeks. From thence they will visit Australia, Tasmania, Ceylon, India, Egypt, and Malta, before returning to the land of their birth. For five years past they have toured the United States, Canada and Mexico, giving their unique entertainments, which are without a rival either inside or outside of Scotland, and which are plainly intelligible to Americans as well as to those of their own nationality.

L. B. Kerr of Kerr & Co., held the Alameda back a quarter of an hour at San Francisco owing to the delay of the train he was on reaching San Francisco. He telegraphed to the Oceanic company to hold the boat which was done. An official of the company met him at the train and drove him to the steamship dock.

The Misses Fisher returned from an extended absence on the mainland. Loren Stevens, a wealthy Southern California orange grower, accompanied by Mrs. Frank J. Hare joins her husband, Postoffice Inspector Hare, of the local office.

Mrs. Hahn and Miss Hahn of Connecticut, together with Mrs. Shannon and Miss Sea, who intended taking passage on the Alameda, were detained at San Francisco by sickness. The following vessels were spoken during the trip:

March 13, at 2:25 p. m., met U. S. A. T. Thomas, bound N. E.; lat. 35:31 N., long. 129:52 W.
March 13, at 7:45 p. m., lat. 34:58 N., long. 131:14 W., sighted a vessel on starboard beam.
March 14, at 11:45 p. m., lat. 31:58 N., long. 138:27 W., passed and sighted U. S. A. T. Buford, standing N. E.
March 15, at 1:48 p. m., lat. 27:03 N., long. 147:49 W., met U. S. N. T. Solace, bound N. E.
March 16, at 10:30 p. m., lat. 26:06 N., long. 150:00 W., met S. S. Coptic, bound N. E.

TEXAN IS NOW TAKING IN SUGAR

The American-Hawaiian steamship Nevada arrived at San Francisco yesterday from Pahrui and Honolulu with a sugar cargo. She will sail for Honolulu on March 25.

The next steamer from Puget Sound will be the Alaskan, scheduled to arrive here April 10.

The steamer Texan, now in port, will get away for Kaunapali and Kahului about Monday, whence she will go to Hilo to complete her sugar cargo of 11,000 tons. The vessel began taking on her cargo here yesterday.

Tacoma for Orient.

The United States cruiser Tacoma will have her final trial trip outside the Heads on next Monday. The sea-going ability of the cruiser will be thoroughly tested and if the vessel proves satisfactory she will be formally accepted by the Government. Admiral Whiting is chairman of the trial board and he will give the warship a two days' test in the open sea. She will be put through all the paces required of a modern fighting ship and her ordnance may be tested.

The Tacoma at present is lying at the Union Iron Works, where the finishing touches are being put on her. According to the present program the cruiser will leave this port for Tacoma about the middle of next April and will remain in the Northern harbor for several weeks. Then she will proceed to the Orient to join the Asiatic squadron.

Wisconsin's Paymaster.

MANILA, March 8.—Lieutenant John Wise Norse, Paymaster of the battleship Wisconsin, who recently was accused of irregularities in his commissary fund accounts, has been tried by

a courtmartial and exonerated from the charge of misappropriation of funds. The courtmartial, however, found him guilty of neglect of duty, and sentenced him to be reduced ten numbers in rank.

Shipping Notes.

The American schooner Defender arrived at Honolulu from San Francisco on March 18.

The barkentine Coronado was injured at San Francisco during the gale which swept the bay on March 10.

Dede Dow, able seaman, son of H. M. Dow, clerk to the High Sheriff, leaves for Delaware Breakwater today, as a member of the crew of the ship L. F. Chapman.

The following sugar is reported ready for shipment on Kauai: K. S. M., 400 bags; V. K., 500 bags; Mak., 13,130 bags; McB., 2,982 bags; K. F., 2,500 bags; K. S. Co., 1300 bags; G. F., 2784 bags; K. M., 4740 bags; total, 47,336 bags.

The Siberia ran into the edge of a terrific southeasterly day before reaching San Francisco, but rode it out splendidly. The sea was so rough, however, that the spray dashed high up the vessel's sides, and the stiff gale kept passengers off the decks.

Captain U. S. G. White, the civil engineer officer on the staff of Admiral Terry at the Naval Station, has received orders detaching him from this station, and to proceed home. Accompanied by Mrs. White, the popular officer may leave for the mainland the latter part of the present month.

The transport Buford is expected today from San Francisco en route to Manila via Midway and Guam. There are 600 marines aboard for Cavite to be distributed among the warships on the Asiatic station. The Buford's cargo consists of lumber to be used in the construction of public utilities in Manila. The transport also has a shipment of supplies for the cable station at Midway.
